

STAFF SERVICE GUIDE

Hemp-Derived THC Beverages

WHAT WE ARE SERVING

High Y'all is a hemp-derived Delta-9 THC beverage.

- Federally compliant hemp ($\leq 0.3\%$ Delta-9 THC by dry weight) from the 2018 Farm Bill
- Legal for on-premise service where permitted
- Not a marijuana product, no marijuana ID needed.
- 21+ only

Treat THC beverages with the same care and responsibility as alcohol.

ON-PREMISE SERVICE POLICY

Maximum: 1 can per guest for on-site consumption. For now

- No stacking or having someone order multiple cans at a time.
- Do not encourage rapid consumption
- No exceptions without manager approval

This allows guests to feel effects safely before consuming more.

TO-GO POLICY

Guests may purchase up to 4-pack(s) to go.

- 21+ only
- Valid ID required
- Product must remain sealed
- Remind guests not to consume while driving

HOW THC BEVERAGES FEEL

- Onset: 15–30 minutes
- Duration: 2–4 hours
- Effects are typically light and gradual
- Relaxed mood

- Social ease
- Mild body relaxation

DOSING GUIDANCE

Just like alcohol, dose matters.

- 2–5mg THC: Light, social buzz. Best for first-time guests.
- 5–10mg THC: Stronger effect. Only for experienced consumers.

Staff Rule: Encourage guests to start with one and wait 15–30 minutes before deciding on anything else. You can always drink more — you can't drink less.

ALCOHOL INTERACTION

- Do NOT promote THC + alcohol combinations
- Do NOT encourage simultaneous heavy drinking
- Monitor guests consuming both
- Treat THC service with the same caution as alcohol over-service

If a guest appears impaired: pause service, offer water or food, and notify a manager.

SAFETY & LIABILITY

- 21+ ONLY (check ID)
- Do not serve impaired guests
- Do not make medical claims
- Guests should not drive after consumption
- When in doubt, slow service and involve management
- STAFF CANNOT CONSUME THESE BEFORE, DURING or CLOSING DOWN for their SHIFT.

SIMPLE GUEST SCRIPT

"It's a low-dose hemp-derived THC drink. Most people feel it in about 15–30 minutes. We recommend starting with one and seeing how you feel. Be careful mixing beer and THC"

One can on-site. 4-packs to go. Start low. Sip slow.
